

Inamoto Miyu VA: Notsuki Mahiru

"In other words, Matsuri, I'm not worried at all about spending the rest of my life with you, and I don't question it either."

It's summer break, and it's time to relax... on a schedule, of course.

Even on vacation, there's still studying and training to be done, and somebody has to plan the meals so they don't starve or break the bank. Still, Miyu should be able to unwind on the beach with her girlfriend, as long as Matsuri doesn't do anything stupid!

English,Japanese

Maki Seina VA: Oukawa Mio

"Oh, and just tug as hard as you need to, okay?
I know if you don't I'll just rush off the wrong way!"

In her last year at Shirojo, Seina's studying hard to get into college, but having just as much fun going out on dates with Miki, too.

Something's been bugging Miki ever since one of their recent dates, but maybe Seina has a solution to her girlfriends worries!

Amishima Matsuri VA: Oukawa Mio

"No, I'm sorry, we don't have to talk about this anymore. I feel like I don't have a leg to stand on anymore. Seriously, just ignore all this."

Finally off at college with her girlfriend, the two of them living on their own at last, still running track together, everything should be going great for Matsuri!

Then again, everyone has their moments of doubt. Maybe this vacation is a good opportunity for some introspection, and a chat with Miyu about some of Matsuri's insecurities.

Great interactions. I'm Japanese, sorry for poor English.
But I really want to recommend it.

This is one of Kindred Spirits on the Roof Drama CD series, one of which surprised me most.
Cause it's not only a story of romance (of course I like those very much too), sometimes in this story, they talk about "love".
It's a more complicated theme, so I want to praise the decision of the writer.
Matsuri and Miyu is 20 years old in this story (or 19? they're not "teenage girls" already either way), this story becoming for them.
If you're a fan of YURI genre, you would enjoy this.. Yuna's in college...and she left Shirojo...

I...I need to sit down :c. This one focuses on the two most perfect couples. They go to the beach and do their perfect couple things. There's also explicit couch abuse. That's all you should need to know.
